

Directions to The South West Implant Clinic

Follow the M5 to Exeter (J31) followed by the A38, then A380 to Newton Abbot, Kingskerswell, and Torquay.

The A380 dual carriageway ends at Newton Abbot at the Penn Inn round-about. Follow the exit for Torquay.

Continue along the main road to Torquay passing Kingskerswell village, and the Hare & Hounds Inn.

At the Hamelin Way round-about go straight on to Riviera Way (A3022) passing “The Willows” (Sainsbury’s and M&S) shopping centre (left) and the General Hospital (right).

Still on the main road (now called Newton Road), follow signs to Torquay Seafront.

At Torre railway station turn right into Avenue Road. On reaching the seafront (T-junction) turn left at the traffic lights.

Now heading towards Torquay's harbour (A379), at the Belgrave Road traffic lights, turn left up Shedden Hill Road. Follow on up the hill to the traffic lights at Abbey Road.

The South West Implant Clinic is located in Commerce House (2nd Floor) which is directly opposite these traffic lights.

A public “pay and display” car park can be found adjacent to our building.
